ALASKA HYDRO ANNOUNCES PRIVATE PLACEMENT

March 13, 2012 – Vancouver, British Columbia – Alaska Hydro Corporation (the “Company”) is pleased to announce a non-brokered private placement of an aggregate of up to a maximum of 2,000,000 Units (“the Offering”) at a price of \$0.05 per Unit. Each Unit is comprised of one Common Share in the capital of the Issuer (a “Common Share”) and one Common Share purchase warrant (a “Warrant”). Each Warrant entitles the holder to acquire one Common Share (a “Warrant Share”) at an exercise price of \$0.06 per Warrant Share for a period of five years following the closing of the Offering.

All securities issued under the Offering will be subject to a hold period of four months in compliance with applicable securities laws and the rules of the TSX Venture Exchange. The Offering is subject to certain conditions including, but not limited to, receipt of all required regulatory approvals.

The net proceeds from the Offering will be used for general working capital requirements.

About Alaska Hydro Corporation

The Company is engaged in the acquisition and development of renewable energy projects, focused primarily on hydropower projects in northern climates. The Company owns Cascade Creek, LLC which has been developing the Cascade Creek project located in Thomas Bay near Petersburg, Alaska. The Cascade Creek project is a 70 MW lake syphon hydropower project, the largest private hydropower project being developed in Alaska. The Cascade Creek project would bring additional energy and capacity to the Southeast Alaskan region, with opportunity to export and import excess energy and capacity to and from the Pacific Northwest and Southwest States through a proposed transmission interconnection in British Columbia. Further information regarding the business of the Company and Cascade can be found in the Company’s filing statement which is available at www.sedar.com. Interested persons may visit the project’s website at www.alaskahydro.com to view project details and licensing documents. All project documents may be viewed on the Cascade website www.thomasbayhydro.com at this time, or on the FERC website www.ferc.gov.
